Making Music in Chacraseca

JustHope Partners, United Church of the Valley in Murietta, CA, continued their support of music education for children in Chacraseca by offering a Music Camp for the 4th year in a row!

What's Needed in
Nicaragua

- Soccer balls and nets
- New kitchen items such as utensils & plastic ware
- IBprofin; pregnancy tests; latex gloves
- children's shoes

UPDATES

Using traditional Nicaraguan folk music, sessions were offered teaching kids to sing and to play the recorder, the chimes, the guitar, the keyboard, the drums, and the marimba! (UCV has also donated instruments for to the schools for the kids to use). AND sessions were also offered to teach the Nicaraguan classroom teachers how to continue the learning by incorporating music into their teaching.

The new **Farmer's Market** in Chacraseca is a wild success!

And... the farmers who received assistance as part of JustHope's FarmHope flood relief project have agreed to give 10% of their harvest to the community store! Generosity is contagious...

Micro-Credit Project

30 women are now active in JustHope's micro-credit project in Chacraseca!

And another 30 are ready to begin their second loan cycle in Santa Emilia!

LaFlor's new **Community Tienda** is open and operating in LaFlor. JustHope partners funded and helped build the store, and provided the opening inventory. This store will save the residents of LaFlor a 2-3 hour round trip to buy their basic grains and other basic living supplies. AND the profits will be reinvested in growing the store and supporting other community projects!

In Santa Emilia the **High School** started by JustHope partners and friends is serving 210 youth from Santa Emilia and the surrounding area! Education is changing futures!

Two years ago, UCV began paying a music teacher so the children's exposure to music would be more than once a year. He's doing a great job...

And this year, students from past years' music camps were back -- teaching the younger kids!

Long term... these two global partners (UCV and Chacraseca) hope to develop a Music School in Chacraseca where youth and adults can learn to play instruments and do traditional Nicaraguan dancing.

YOU can help this growing music project...

\$25 helps repair musical instruments

\$50 buys recorders, guitars, drums, etc

\$100 pays for a week of marimba lessons (a teacher travels from Managua)

Any amount will help grow the music program!
