## **JustHope had a need and our Partners delivered!**

JustHope's new truck in Nicaragua.

## **WE THANK YOU!**

Last month, we asked our Partners to help JustHope purchase a truck in Chacraseca and you rose to the challenge! The funds were raised and the truck is being prepared to become a multi-purpose vehicle for JustHope's use as we work with our Nicaraguan Partners in programs and projects that promote better access to health care (especially in emergencies), support local enterprise (Ferreteria, Stitching Hope, and microcredit), and grow the Model Farm!

Again, **THANK YOU!**
