This trip will offer opportunities to engage with Stitching Hope (women's sewing cooperative), the Cultural Center, and the Model Farm:

- Spend a day or a week hand-painting fabric and making fair trade craft items with the women of Stitching Hope.
- Explore painting, photography or other visual arts with children and youth at our Cultural Center.
- Help build the Model Farm's Learning Center or construct an aquaponics system.

And, of course, there will be a trip to the beach and other sightseeing!
